ABOUT

Up to 8 Science & Technology Fellowships for 2019-20 will be offered in fields related to the biosciences at Harvard University and other institutions in the Boston area. The Mittal institute will organize seminars at Harvard for Fellows to discuss their research with the broader community at Harvard and beyond.

Fellows are expected to reside in the Cambridge vicinity and to actively participate in the events and intellectual life of the Institute. In addition, Fellows are expected to contribute to the greater Harvard community by teaching, mentoring, or advising students.

ELIGIBILITY

Scholars who have completed their PhD within the last five years from an institution in India in a bioscience-related field are eligible. Exceptional senior doctoral students, with demonstrated independence and maturity, may be considered. Applicants must be Indian citizens currently residing in India (from program start date). For applicable areas of study, please visit the program's website.

This program is a collaboration between IBAB (Bengaluru, India) & The Lakshmi Mittal and Family South Asia Institute (Harvard University, Cambridge, MA). Funded by the Dept. of Biotechnology, Govt. of India.
